WORK EXPERIENCE

Software Development Engineer I, Robral Technologies, Remote Jan 2025 - May 2025

I worked with PHP and Laravel to build robust APIs, integrated MongoDB for efficient data handling, and utilized Node.js for building high-performance server-side features. I also gained hands-on experience in AWS cloud services for deployment and infrastructure management, and implemented Docker containers to streamline development and deployment workflows. My role involved active participation in coding, debugging, and collaborating with cross-functional teams to deliver reliable and efficient solutions.

Laravel Developer, Artistic Bird Tech Pvt Ltd, Delhi Feb 2024 - Dec 2024

Worked on developing and maintaining dynamic web applications using Core PHP and Laravel. Collaborated with cross-functional teams to design scalable solutions and implemented version control through Git and GitHub for streamlined integration. Responsible for writing clean, efficient code, troubleshooting issues, and deploying high-quality software. Actively contributed to all phases of the software development lifecycle within an agile environment to ensure timely and robust project delivery.

PROJECTS

Online Shopping Platform

Developed an E-commerce website using Core PHP and Laravel, featuring an intuitive admin dashboard, efficient pagination, and secure payment integration. Created detailed product pages to enhance user experience and streamline transactions. Ensured the site is scalable, responsive, and easy to manage, delivering a seamless shopping experience.

Job Portal web application

A full-featured Job Portal built with Node.js, Express.js, and MongoDB, hosted on AWS. It supports user authentication, job postings, applications, and resume uploads using Multer. Features include role-based access for job seekers, recruiters, and admins, along with optional AI-based resume parsing and an admin panel for monitoring platform activity.

EDUCATION

Bachelor of Engineering (Computer Engineering) at **Marwadi Education Foundation Group Of Institution Rajkot** (CGPA: 7.71/10) (2020-24)

12th at **M. P. Sinha Science College Muzaffarpur, Bihar** (73.4) (2018 - 2020)

CERTIFICATES

Node JS Certification Course - Master the Fundamentals Platfrom- Scaler

SQL in java Platfrom- HackerRank

SKILLS

Php	Laravel
Ajax,Jquery	Node Js
HTML, CSS ,JavaScript	MySQL
git, GitHub	AWS
MongoDB	Docker
