WORK EXPERIENCE

Laravel Developer , Rudra Innovative Software, Mohali Jun 2025 - Present
Developing scalable web applications using PHP, Laravel, React.js, and AWS, while optimizing performance, building REST APIs, and delivering high-quality features in an agile environment.

Software Development Engineer I, Robral Technologies, Remote Jan 2024 - May 2025
Built scalable web applications using PHP and Laravel, delivering robust and secure backend functionality. Developed modern, responsive user interfaces with React.js and Tailwind CSS to ensure an optimized user experience. Deployed applications on AWS and collaborated cross-functionally to deliver reliable, production-ready solutions.

PROJECTS

Online Shopping Platform

Developed an E-commerce website using Core PHP and Laravel, featuring an intuitive admin dashboard, efficient pagination, and secure payment integration. Created detailed product pages to enhance user experience and streamline transactions. Ensured the site is scalable, responsive, and easy to manage, delivering a seamless shopping experience.

HealthCare Management System

Developed a comprehensive HealthCare Management System using Laravel to streamline patient, doctor, and appointment management. Implemented secure authentication and role-based access for admins, doctors, and patients. Enabled online appointment booking, patient record management, prescription handling, and real-time status updates. Integrated form validation, CRUD operations, and AJAX-based interactions for a smooth user experience. Designed responsive UI using Blade and Bootstrap/Tailwind CSS, ensured data integrity with MySQL, and optimized application performance for production deployment.

EDUCATION

Bachelor of Engineering (Computer Engineering) at **Marwadi Education Foundation Group Of Institution Rajkot (CGPA: 7.71/10)** (2020-24)
12th at **M. P. Sinha Science College Muzaffarpur, Bihar (73.4)** (2018 - 2020)

CERTIFICATES

React-The complete guide(incl Hooks, React Router, Redux) Platfrom- Udemy

AWS Academy Graduate – Cloud Foundations (AWS) Platfrom- Amazon

SKILLS

Php	Laravel
Ajax,Jquery,JavaScript	React Js
HTML, CSS ,Tailwind CSS	MySQL
Git, GitHub	AWS
