Professional Summary

Results-driven Software Developer with 2+ years of experience in PHP, Laravel, and React.js. Expertise in designing scalable web applications, developing REST APIs, and deploying solutions on AWS. Improved system performance by 30% and optimized application efficiency in agile environments.

Work Experience

Laravel Developer, Rudra Innovative Software

Jun 2025 – Present

- Engineered scalable web applications using Laravel, React.js, and AWS supporting 200+ users.
- Designed and optimized REST APIs, reducing response time by 30% and server load by 25%.
- Enhanced frontend performance, improving page load speed by 40%.
- Collaborated with cross-functional teams to deliver production-ready features.

Software Development Engineer I, Robral Technologies (Remote)

Jan 2024 – May 2025

- Developed secure backend systems using PHP and Laravel following MVC architecture.
- Built responsive user interfaces using React.js and Tailwind CSS.
- Deployed and maintained applications on AWS, ensuring high availability.
- Optimized database queries, improving performance by 20%.

Projects

Online Shopping Platform

- Developed full-stack E-commerce platform using Laravel and Core PHP.
- Integrated secure payment gateway and admin dashboard.
- Optimized product listing system, improving load performance by 35%.

Healthcare Management System

- Designed role-based system for patients, doctors, and administrators.
- Implemented appointment booking and patient record management.
- Enhanced real-time updates using AJAX, improving system responsiveness.

Job Portal System

- Engineered job portal with JWT-based authentication and role-based access control.
- Developed scalable APIs for job posting, application tracking, and resume uploads.
- Optimized database queries to improve performance and reduce latency.
- Built dashboards for users and recruiters ensuring seamless experience.

Technical Skills

Languages: PHP, JavaScript

Frontend: HTML, CSS, Tailwind CSS

Tools: Git, GitHub, AWS, REST APIs, VS Code, Postman

Frameworks: Laravel, React.js, Node.js

Databases: MySQL, MongoDB

Concepts: MVC, API Development, Agile

Education

B.E. (Computer Engineering), Marwadi Education Foundation

2020 – 2024

CGPA: 7.71/10

12th (Science), M.P. Sinha Science College

2018 – 2020

Score: 73.4%

Certifications

- React - The Complete Guide (Udemy)
- AWS Academy Graduate – Cloud Foundations
